

Civil Engineer

We are looking to add a capable and qualified Civil Engineer to our team for a permanent full-time position. Tryon Engineering Inc.'s Civil Engineering team works to provide services to residents, local governments, and industrial clients throughout Western Canada. Tryon's dedicated and dynamic team of Professionals has over 60 years of combined experience working on municipal development, industrial construction, and residential projects.

If you are interested in:

- Working with members of the engineering team to plan and design civil projects including pipeline work, residential construction, roads, storm, water, and sewer works.
- Preparing detailed design and as-built plans using AutoCAD and Civil3D.
- Developing construction specifications, schedules, and quantity calculations.
- Performing construction inspection as needed.
- Conducting technical analyses of survey and field data to prepare reports.
- Preparing other technical reports as needed.
- Providing project management services including, preparing contract documents, evaluating tenders, and project scheduling.
- Overseeing teams of 1 to 2 people including land survey or construction personnel.

And you have the following qualifications and skills:

- Degree in Engineering with a focus on Civil Engineering or a related discipline.
- Registered as a Professional Engineer by a provincial or territorial association or eligible for registration as a Professional Engineer by a provincial or territorial association.
- Effective communication and interpersonal skills.
- Strong computer skills including AutoCAD, Civil 3D, MS Office, and data analysis software.
- Strong technical and report-writing skills.
- Detail oriented and organized.
- Class 5 Driver's License in good standing.

Tryon offers:

- Health care benefits.
- Competitive compensation, including bonuses.
- Opportunity for rapid growth and exposure in a smaller-scale company.
- Offices in both Dawson Creek and Fort St. John.
- Locally owned and operated.

If this position sounds like a good fit for you, please send an email including your resume to careers@tryongroup.ca.
